## Save the environment, time and money with the **FLEXSIL-LID**

*FLEXSIL-LID is a soft cover made of **food-proof silicone** for use on GN containers which offers a revolutionary way to **store and transport food**. It **tightly seal** the contents in the container, **eliminating the use** of plastic or aluminum-foil, and heavy stainless steel covers. They can be used **in the freezer, the oven and the dishwasher**. The covers are available in **all GN-sizes, in different colors**.*

### The advantages of **FLEXIL-LIDS:**

- Made of food proof silicon
- Available in all GN-sizes
- Air and water tight.
- Keeps food fresh longer
- Endures temperatures from – 40° C to + 220° C.
- Can be washed in the dishwasher.
- Long life time: can be re-used more than 1000 times
- Light weight
- Low noise level – no clatter in the kitchen
- Spill-proof transports.
- Shortens heating time of food.
- Saves energy.
- Saves the environment
- Hygienical

*Use Flexsil-Lid to save the environment and money!*
